

Socializing is a crucial part of a child's life

Due to the Coronavirus, students are missing out on social time, a very important part of the school life. We want our SCS students to be academically challenged but we also want their social and emotional skills to grow. Because at SCS, we focus on the whole child, we have added an optional middle school virtual hangout time to our online opportunities. This will be a great time for students to eat their lunch, chat with their classmates and get to know one another. The students will have the opportunity to share with friends how they are doing and do some fun activities.

Mrs. Buchanan, our school counselor, will be hosting the optional hangout time! Please refer to the schedule below and click on the box for your students grade to join the google classroom for the virtual hangout.
